## Cabinet refacing for a smart “no demo reno”

### The best kept secret in kitchen renovation!

- Cabinet refacing gives you new cabinet door and drawer fronts without demolishing your existing cabinet boxes.
- You pick a new door style and paint color.
- Our expert painters and carpenters transform your kitchen with a fresh new look, including new Blum® soft close hinges on all cabinet doors.
- We can make your kitchen even more functional and efficient with:
  - Carpentry repairs and enhancements
  - New / improved crown molding
  - Organizers, trash can pull-outs, etc.
  - New drawer boxes or soft-close drawer slides
  - Under-cabinet lighting

**PAINT**  
CABINET  
BOXES &  
FRAMES

**SAVE**  
MONEY  
& TIME!

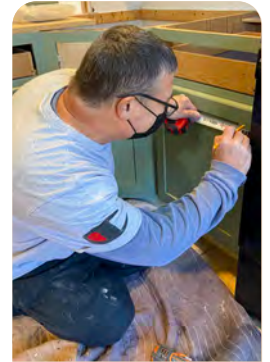

### Cabinet refacing is a great option if...

- ✓ You are happy with your existing kitchen layout.
- ✓ You want to modernize/refresh the look of your cabinets.
- ✓ Your cabinet boxes are in good shape, but your cabinet door and drawer fronts might be showing wear and tear.

SHELLY'S  
TIPS

# Cabinet refacing = amazing transformations!

Doors, Drawers & More master carpenters are refacing experts

## Refacing is NOT a DIY-friendly project

It is painstaking work that requires highly skilled craftsmanship.

Measuring is tougher than you think. The cost of mistakes is high with no returning products if you order incorrectly.

We back up our work with warranties and come back to make adjustments, if you should encounter a problem.
